

SUMMARY

The Utah Cancer Control Program (UCCP) offers free or low-cost breast and cervical cancer screening services to eligible Utah women statewide! Please contact us for eligibility and clinic locations.

FREE SCREENING SERVICES INCLUDE

- Referral for a Free Mammogram
- Clinical Breast Exam
- Annual Screening Reminder
- Instruction on Breast Self Examination
- Pap Test
- Medicaid Treatment Referral for Breast and Cervical Cancers (including pre-cancerous conditions)

FOLLOW-UP DIAGNOSTIC SERVICES

The UCCP contracts with physicians statewide to provide follow-up diagnostic services for women whose screening test finds an abnormality (i.e. breast biopsy, ultrasound, colposcopy, and LEEP).

TREATMENT

Utah provides full Medicaid benefits to all qualifying women diagnosed with breast or cervical cancer.

CLIENT REFERRAL

Age and income guidelines apply and are updated yearly.

To schedule screening exams have women call 1-800-717-1811

COMMUNITY PARTNERSHIPS

The UCCP encourages health care providers and community agencies to display program information in their lobbies. To order brochures call our toll free number.
